# Walking tracks map and information

## Venman Bushland National Park

Distances and walking times are measured from the day-use area and return.

Track name	Classification	Track starting point (direction)	Coloured track code as shown on map	Return distance	Walking time
1 Tingalpa Creek circuit		Track junction in the day-use area		2.5km	1.5hr
2 Venman circuit		Track junction in the day-use area		6km	3.5hr

### Walking track classification

#### Grade 3 track

- Formed track. May have short steep hill sections, a rough surface and many steps.
- Some walking experience recommended.
- All junctions sign-posted.

### Assisted wheelchair accessibility

- There are wheelchair accessible toilets.
- Assistance will be required within the day-use area.

## Adventure safely

Make your visit memorable for all the right reasons.

### Plan ahead

- **Always check weather conditions.** Visit—[bom.qld.gov.au](http://bom.qld.gov.au) and [qld.gov.au/ ParkAlerts](http://qld.gov.au/ParkAlerts). During extreme weather periods (mostly in spring and summer) storms can occur, and high rainfall can flood some walking tracks resulting in closure for public safety.
- **Choose activities suitable** for your group's skills, experience and fitness.
- **Let somebody know where you are going**, when you plan to return and what to do if you're late or lost.
- **Leave plenty of time to reach your final destination in daylight** and always keep your group together.
- **Plan your activity time** to avoid heat exhaustion on hot days. Begin your walk early in the cooler part of the day.
- **Reduce theft by removing valuables** from your vehicle and taking them with you.

### The essential packlist

- **Bring enough water for your visit.** Treat all water that you collect in the park.
- **Carry a first-aid kit** (including snake bite bandage), sun protection and insect repellent.
- **Mobile phone**—depending on provider, reception may be poor in places but is sometimes possible from high points on the walking tracks.
- **Suitable footwear** and clothing for the activity you are planning.
- **Download a map for this park.**

### Walker's tip

- **Look for these directional markers** and use them to navigate both circuits.

### For your safety

- If you see a snake, leave it alone and keep clear.
- Obey signs and regulations—they are in place to protect you and the park.
- Stay on the tracks and observe signs to avoid getting lost. See details below about Emergency markers.
- Take care when using barbecues. Only use clean, milled firewood within the barbecue facilities and put the fire out with water. Supervise children to avoid burn injuries. Observe fire bans and prohibitions.

Emergency marker code

**Emergency markers** are located at track and management road junctions throughout the park.

The **emergency marker code** assists emergency services (Police, Fire and Ambulance) in locating the emergency in the park.

### Emergency

**For all emergencies call Triple Zero (000)**, and if possible, recite the closest emergency marker code. Be aware, if there is no coverage on any mobile phone network, you will not be able to reach the Emergency Call Service via a mobile phone.
